A Study Outline for the People

ONTARIO

DEPARTMENT OF EDUCATION

This list of books and magazine articles is issued during Canadian Book Week, 1923, and is intended to help the general reader; for which reason most out-of-print, extremely learned and highly technical books are omitted. Many books of travel and description, reminiscences, and all novels and poetical works are saved for another reading list. Having provided two excuses the compilers emulate Dr. Johnson's candour and offer pure ignorance as the cause for any other omissions.
